

Dear, FCC

This is a letter regarding the NAB'S petition 04-160. This petition is the wrong thing to do, I'm A Truck Driver and the XM'S Traffic and Weather helps US Truckers do are jobs to the best of are ability. XM gives us enough time to be able to route around bad weather & traffic Not waiting for the last minute. XM helps us do are job safely,Keeping us out of bad weather. It's bad enough that the goverment takes things away from TRUCKERS and now this. So please REJECT the NAB'S PETITION 04-160.

THANK YOU

ANDY
